To whom it may concern.

This is to certify that Mr Włodzimierz Kozłowski worked on several projects for Progra a mobile software company. Mr Włodzimierz Kozłowski worked as a:

- analyst;
- software architect;
- database designer;
- Java Standard Edition developer;
- Java Enterprise Edition developer;

Mr Włodzimierz Kozłowski has been involved in following projects:

- Syncaphone - mobile solution for Novell Groupwise;
- web interface for the project „Engineering, Supervision and Monitoring Support for PHARE Economic and Social Cohesion Programme;
- Smister - Facebook mobile application;
- YellowCard - mobile business directory database;

Mr Włodzimierz Kozłowski has proved many times his top level Java developer skills. He is able to work independently and timely. Mr Włodzimierz Kozłowski is focused on problem solving . He is also customer oriented. I would like to recomend Mr Włodzimierz Kozłowski to every company looking for top level IT professionalist.

Best regards,

Tomasz Cwietkowski
CEO, Progra
